12837 Smart Digital Multimeter w/ Auto Selection

Model 12837 high performance Smart Digital Multimeter is ideal for use in HVAC/R, factories, schools, homes, etc. Features automatic selection of AC or DC Voltage in either manual or auto-ranging modes.

Features

- High performance smart digital multimeter with auto selection of AC/DC Volts
- Also features Resistance, Duty Cycle, Frequency, Capacitance
- Diode Check and Continuity Test
- Auto/Manual ranging
- 6000 count LCD
- Data Hold, MAX, MIN recording mode
- Auto power off
- CATIII 600V, CATII 1000V
- Includes test leads, 9V battery, manual and soft case

Specifications

Function	Max. Range	Basic Accuracy
Voltage DC	600 V	+/-0.5%
Voltage AC	600 V	+/-1.0%
Resistance	40 MΩ	+/-1.0%
Duty Cycle	99.9%	+/-1.2%
Frequency	10 MHz	+/-1.0%
Capacitance	40 mF	+/-3.5%
Size	5.9" x 2.75" x 1.9" 150 mm x 70 mm x 48 mm	
Weight	9 oz (255 g)	
Battery	9V (1 pc)
